## Evaluation of Prior Year Interventions and Data Analysis

PRIOR YEAR INTERVENTIONS

| Analysis of Key Interventions  | Content Area | Target Populations                                      | Was this key intervention implemented as planned? | Do you plan to continue with this intervention? | Do you have evidence this intervention was effective? | Measurable Outcomes (state the data that supports the continuation of this intervention)   |
|--|--------------|---|---|---|---|--|
| Ongoing and specific professional development for teachers has proven to be effective in increasing student achievement.                                 | Literacy     | Grades K-3; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, the professional development opportunities for the staff have contributed to student achievement. The percentage of students reading at or above grade level increased from 13% to 26% from the fall to late winter. |
| Small group intervention, explicit instruction, and specific feedback have as well as LLI has been proven to accelerate the reading of at risk students. | Literacy     | Grades K-3; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, small group intervention has contributed to student achievement. The percentage of students reading at or above grade level increased from 13% to 26% from the fall to late winter.                                  |
| Using data to make decisions in response to student performance has been proven to accelerate student learning.  | Literacy     | Grades K-3; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, using data to inform our instructional practices has contributed to student achievement. The percentage of students reading at or above grade level increased from 13% to 26% from the fall to late winter.          |

| Analysis of Key Interventions  | Content Area | Target Populations                                      | Was this key intervention implemented as planned? | Do you plan to continue with this intervention? | Do you have evidence this intervention was effective? | Measurable Outcomes (state the data that supports the continuation of this intervention)   |
|--|--------------|---|---|---|---|--|
| Ongoing and specific professional development for teachers has proven to be effective in increasing student achievement. | Math         | Grades K-2; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, the professional development opportunities for the staff have contributed to student achievement. The percentage of students demonstrating success on math word problems has increased month over month. |
| Small group intervention coupled with targeted feedback has shown tremendous power in moving student achievement.        | Math         | Grades K-2; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, small group intervention has contributed to student achievement. The percentage of students demonstrating success on math word problems has increased month over month.                                  |
| Using data to make decisions in response to student performance has been proven to accelerate student learning.          | Math         | Grades K-2; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, using data to drive our instructional decisions has contributed to student achievement. The percentage of students demonstrating success on math word problems has increased month over month.           |

| Analysis of Key Interventions  | Content Area       | Target Populations                                   | Was this key intervention implemented as planned? | Do you plan to continue with this intervention? | Do you have evidence this intervention was effective? | Measurable Outcomes (state the data that supports the continuation of this intervention)   |
|--|--------------------|--|---|---|---|--|
| Ongoing and specific professional development for teachers has proven to be effective in increasing student achievement. | Literacy - Writing | Grade 4; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, the professional development opportunities for the staff have contributed to student achievement. The percentage of students demonstrating success on writing about reading have increased month over month. |
| Small group intervention coupled with targeted feedback has shown tremendous power in moving student achievement.        | Literacy - Writing | Grade 4; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, small group intervention has contributed to student achievement. The percentage of students demonstrating success on writing about reading have increased month over month.                                  |
| Using data to make decisions in response to student performance has been proven to accelerate student learning.          | Literacy - Writing | Grade 4; Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | Yes   | In addition to other variables, the professional development opportunities for the staff have contributed to student achievement. The percentage of students demonstrating success on math word problems has increased month over month.     |

| Analysis of Key Interventions  | Content Area | Target Populations                                      | Was this key intervention implemented as planned? | Do you plan to continue with this intervention? | Do you have evidence this intervention was effective? | Measurable Outcomes (state the data that supports the continuation of this intervention)  |
|--|--------------|---|---|---|---|---|
| Professional development for teachers regarding the importance of consistent attendance has proven to be effective in increasing student attendance/achievement. | Attendance   | Schoolwide, Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | No  | Unfortunately, the impact of professional development has not mitigated the other factors that influence absenteeism. The data for student attendance has not been as positive as we would have liked. We have not reached 85% in any of the months in the period of time from September through March.<br>September - 83%<br>October - 84%<br>November - 45%<br>December - 74%<br>January - 72%<br>February - 67%<br>March - 66% |
| Intervention for students not responding to Tier I supports has shown effectiveness in changing attendance outcomes.   | Attendance   | Schoolwide, Black, Hispanic, Economically Disadvantaged | Yes   | Yes   | No  | We have not reached 85% in any of the months in the period of time from September through March.<br>September - 83%<br>October - 84%<br>November - 45%<br>December - 74%<br>January - 72%<br>February - 67%<br>March - 66%  |

| <p>Benchmark Assessment (Proficiency) ELA Rates*</p> | <p>Please share results of analysis of % passing, including YTD analysis by grades and subgroups.<br/>*Identify patterns by grade/subgroups<br/>*Identify patterns by chronic absenteeism<br/>*Identify patterns by students with chronic disciplinary infractions</p> | Grade             | Cycle 1 | Cycle 2 | Cycle 3 | Cycle 4 | <p>We use the Fountas and Pinnell Benchmark Assessment System to guide our instructional practices. We give the assessment a minimum of three times schoolwide. The results for the Fall administration were:</p> <p>1st Grade - 4% Above Grade Level, 6% At Grade Level, 11% Below Grade Level: In Need of Short Term Intervention, 78% Well Below Grade Level: In Need of Long Term Intervention</p> <p>2nd Grade - 9% Above Grade Level, 5% At Grade Level, 3% Below Grade Level: In Need of Short Term Intervention, 83% Well Below Grade Level: In Need of Long Term Intervention</p> <p>3rd Grade - 8% Above Grade Level, 7% At Grade Level, 13% Below Grade Level: In Need of Short Term Intervention, 72% Well Below Grade Level: In Need of Long Term Intervention</p> <p>4th Grade - 23% Above Grade Level, 2% At Grade Level, 7% Below Grade</p> | <p>As indicated by the data, the highest percentage of students are in the "need long term intervention level" in all grade levels.</p> <p>However, the percentage of students reading at or above grade level TRIPLED in first grade from fall to late winter (10% to 30%) and DOUBLED in grades 2 and 3.</p> <p>The grade level with the highest percentage of students in need of long term intervention is 1st grade with 65% still in need of LT intervention after Late Winter testing.</p> <p>Students reading performance shows signs of positive growth. By Late Winter of 4th grade, 35% of students are at or above grade level.</p> |

## Process Questions and Growth and Reflection Tool

1. Describe how the school planning team will disseminate the results of the comprehensive needs assessment and ensure all relevant stakeholders, including stakeholders outside of the ASP school planning team, receive this information in a timely and understandable manner?

Initially, the planning team will communicate the pertinent information with the staff at our first faculty meeting of the year so that all relevant staff are fully informed of our goals and how they can work to achieve them in the the upcoming year. From there, we will revisit the goals and the progress towards the goals in our monthly Leadership meetings. The meeting minutes will be shared with the staff after each meeting. The information will also be communicated with parents on Back to School night and through the school's website.

2. How will the school's parent and family engagement program help to address the priority needs identified in the comprehensive needs assessment?

The information will be communicated with parents on Back to School night and through the school's website, and we welcome parent assistance in achieving our goals. The school social worker will make daily contact of parents to educate and support them in their role in helping us achieve our schoolwide goals. The I&RS team will invite parents to be present at all meetings and partner with the classroom teacher.

| Component  | Indicator Descriptor Level |   | Overall Strengths Summary | Areas of Focus Summary  |
|--|----------------------------|---|---------------------------|---|
| Standards, Student Learning Objectives (SLOs), and Effective Instruction | 1                          | A | 3-Developing              | <p>The curriculum and content taught is organized and taught around the NJSLs.</p> <p>Benchmarks are aligned to the curriculum document, but the instruction does not necessarily align to the standards.</p> <p>Potential revision of benchmarks-- this could be improved with district help.</p>  |
|  | 2                          | A | 3-Developing              |   |
|  | 3                          | A | 2-Emerging                |   |
|  | 4                          | A | 3-Developing              |   |
|  | 5                          | A | 1-Not Addressed           |   |
| Assessment   | 1                          | A | 3-Developing              | <p>Our consistent use of F&amp;P assessments over the past several years provides us with the guidance and assessment data we need to increase student achievement.</p> <p>The use of pre-assessments and formative assessments to gauge prerequisite skills and progress towards standards could be improved in a variety of ways.</p>   |
|  | 2                          | A | 1-Not Addressed           |   |
|  | 3                          | A | 4-Sustaining              |   |
| Professional Learning Community (PLC)                                    | 1                          | A | 4-Sustaining              | <p>Our focus as a school and as grade level teams has been centered around the accomplishment of our SMART goals as identified in the ASPs. Additionally, although we don't have well defined norms and conflict resolution processes, we have a culture where the "tough" discussions are expected and welcomed.</p> <p>Teacher professional development generally speaking -- we could improve in differentiation, student collaboration and turn and talk, student self-assessment and setting learning goals and monitoring them.</p> |
|  | 2                          | A | 2-Emerging                |   |
|  | 3                          | A | 3-Developing              |   |
|  | 4                          | A | 1-Not Addressed           |   |

| Component | Indicator Descriptor Level |                   | Overall Strengths Summary  | Areas of Focus Summary   |
|-----------|----------------------------|-------------------|--|--|
| Culture   | 1                          | A 4-Sustaining    | We have been a PBSIS school for well over a decade and our data supports its embedded use within the school. The school district motto of "collectively responsible" provides all staff the license to initiate work that is in the best | <p>We do not set goals related to discipline data because our school climate is strong. We have pivoted to focusing in on attendance and setting goals there. We had lots of new approaches for increasing attendance, but we need to be more data driven in our meetings and making changes where necessary. We need to be better about evaluating the effectiveness of individual approaches to improving our school climate. Teachers may have a "this too shall pass" approach to our SEL programming, so we will be communicating that we are not moving away from it. There is no ongoing support for that program.</p> <p>We need to work on a regular structure to share professional knowledge. Some grade levels do share craft and approaches, but not all grade levels share professional knowledge and there are some teachers who are not as open to sharing and learning. More involvement from the district coaches may be helpful for modeling sharing and using knowledge.</p> <p>4.12 We don't always monitor the effectiveness of our programming, and we need to prioritize training for new programming.</p> <p>4.13 We will start to review the data more specifically at the monthly Cub's Pride meetings.</p> |
|           | 2                          | A 1-Not Addressed |  |  |
|           | 3                          | A 3-Developing    |  |  |
|           | 4                          | A 2-Emerging      |  |  |
|           | 5                          | A 4-Sustaining    |  |  |
|           | 6                          | A 2-Emerging      |  |  |
|           | 7                          | A 2-Emerging      |  |  |
|           | 8                          | A 3-Developing    |  |  |
|           | 9                          | A 3-Developing    |  |  |
|           | 10                         | A 3-Developing    |  |  |
|           | 11                         | A 3-Developing    |  |  |
|           | 12                         | A 3-Developing    |  |  |
|           | 13                         | A 3-Developing    |  |  |
|           | 14                         | A 3-Developing    |  |  |

| Component                           | Indicator Descriptor Level |                | Overall Strengths Summary   | Areas of Focus Summary                  |
|-------------------------------------|----------------------------|----------------|---|---|
| Teacher and Principal Effectiveness | 1                          | A 3-Developing | We have used the Danielson FFT for over a decade, and the staff are very familiar and comfortable with the rubric. We use the rubric to guide our new teacher meetings, and we routinely discuss the framework during SCIP. | No areas of concern for this indicator. |

## Priority Performance Needs and Root Cause Analysis

| Area of Focus for SMART Goals | Priority Performance Need  | Possible Root Causes (Based upon the CNA and data analysis, what factors are most likely to have contributed to this  | Targeted Subgroup (s)                         | Strategies to Address Challenge (What does the root cause imply for next steps in improvement planning?) |   |
|-------------------------------|--|---|---|--|---|
| <p>Effective Instruction</p>  | <p>At the end of the late winter testing (2023), the percentage of students reading at or above grade level as determined by F&amp;P BAS was:</p> <p>1st grade - 30%<br/>2nd grade - 27%<br/>3rd grade - 31%<br/>4th grade - 35%</p> | <ol style="list-style-type: none"> <li>1. Teacher inexperience</li> <li>2. Lack of preschool experiences/developmentally delayed</li> <li>3. Lack of time with high quality instructional materials and explicit instruction across the range of literacy domains.</li> <li>4. Loss of foundational instructional experiences due to the pandemic</li> <li>5. Lack of consistent and fully aligned explicit phonics instruction</li> <li>6. High percentage of students whose first language is not English - lack of vocabulary/background knowledge.</li> </ol> | <p>Grades K-4; Included Special Education</p> | 1  | <p>Ongoing and specific professional development for teachers has proven to be effective in increasing student achievement.</p>                                   |
|                               |  |   |   | 2  | <p>Small group intervention, explicit instruction, and specific feedback have as well as LLI has been proven to accelerate the reading of "at risk" students.</p> |
|                               |  |   |   | 3  | <p>Using data to make decisions in response to student performance has been proven to accelerate student learning.</p>  |

| Area of Focus for SMART Goals | Priority Performance Need   | Possible Root Causes (Based upon the CNA and data analysis, what factors are most likely to have contributed to this   | Targeted Subgroup (s)                  | Strategies to Address Challenge (What does the root cause imply for next steps in improvement planning?) |  |
|-------------------------------|---|--|--|--|--|
| Social and Emotional Learning | Our rates of chronic absenteeism quadrupled to 50% during the pandemic. Over 20% of our students were still chronically absent for the 2022-2023 school year. | <ol style="list-style-type: none"> <li>1. Poor attendance patterns as established by pandemic.</li> <li>2. Lack of understanding expectations for student attendance</li> <li>3. Student illness is more likely to result in student absence than before the pandemic.</li> <li>4. Formula for calculating "chronic absenteeism" is not indicative of average daily attendance of students.</li> <li>5. Some special education students have medical needs that are challenging to address.</li> </ol> | Schoolwide, Included Special Education | 1  | Professional development for teachers regarding the importance of a socially and emotionally supportive school have proven to be effective in increasing student's social-emotional health, attendance patterns, and academic achievement. |
|                               |   |  |  | 2  | Intervention will be provided for students and/or parents not responding to Tier I supports. Students that feel a sense of belonging and a part of the school community are more likely to come to school and achieve academic success.    |
|                               |   |  |  | 3  | Using data to make decisions in response to student performance/attendance has been proven to accelerate student learning.   |

## SMART Goal 1

By June 2024, 75% of students in K-4th grade will make the expected growth towards grade level reading as indicated by Fountas and Pinnell's progress monitoring process.

Priority Performance                      At the end of the late winter testing (2023), the percentage of students reading at or above grade level as determined by F&P BAS was:

- 1st grade - 30%
- 2nd grade - 27%
- 3rd grade - 31%
- 4th grade - 35%

Strategy 1:                      Ongoing and specific professional development for teachers has proven to be effective in increasing student achievement.

Strategy 2:                      Small group intervention, explicit instruction, and specific feedback have as well as LLI has been proven to accelerate the reading of "at risk" students.

Strategy 3:                      Using data to make decisions in response to student performance has been proven to accelerate student learning.

Target Population:              Grades K-4; Included Special Education

## Interim Goals

### SMART Goal 1

| End of Cycle | Interim Goal  | Source(s) of Evidence  |
|--------------|---|--|
| Nov 15       | We will collect baseline data for 100% of the students (K-4th grade) using the Fountas and Pinnell Benchmark Assessment System. | Fountas and Pinnell Benchmark Assessment System - instructional level of the students. |

| End of Cycle | Interim Goal   | Source(s) of Evidence   |
|--------------|--|---|
| Feb 15       | 75% of students in K-4th grade will make the expected growth towards grade level reading as indicated by Fountas and Pinnell's progress monitoring process by the end of January 2024. | Fountas and Pinnell Benchmark Assessment System - instructional level of the students and month to month growth as measured by the F&P Progress Monitoring Chart. |
| Apr 15:      | 75% of students in K-4th grade will make the expected growth towards grade level reading as indicated by Fountas and Pinnell's progress monitoring process by the end of March 2024.   | Fountas and Pinnell Benchmark Assessment System - instructional level of the students and month to month growth as measured by the F&P Progress Monitoring Chart. |
| Jul 1        | By June 2024, 75% of students in K-4th grade will make the expected growth towards grade level reading as indicated by Fountas and Pinnell's progress monitoring process.              | Fountas and Pinnell Benchmark Assessment System - instructional level of the students and month to month growth as measured by the F&P Progress Monitoring Chart. |

## Action Steps

### SMART Goal 1

| Step Numbe | Strategy | Action Steps  | Start Date | End Date | Assigned To |
|------------|----------|---|------------|----------|-------------|
| 1          | 2        | Have basic skills support work collaboratively across grade levels to create a more streamlined and flexible approach to guided reading - freeing up time for intervention in the process | 9/1/23     | 6/28/24  |             |
| 1          | 1        | ASPS team visits looking for progress towards goals and effective instructional practices   | 9/1/23     | 6/20/24  |             |
| 1          | 3        | Hold monthly leadership meetings with data team and a rotating member of each grade level to analyze ASP data/progress and determine next steps.  | 9/1/23     | 6/28/24  |             |
| 2          | 1        | Phonemic awareness PD to support the implementation of Heggerty Phonemic Awareness.   | 9/1/23     | 6/20/24  |             |
| 2          | 2        | Start intervention (LLI) to accelerate reading readiness by October 1st.  | 9/1/23     | 6/28/24  |             |

| Step Numbe | Strategy | Action Steps   | Start Date | End Date | Assigned To |
|------------|----------|--|------------|----------|-------------|
| 3          | 1        | Phonics PD to support the implementation of new program (UFLI).  | 9/1/23     | 6/20/24  |             |
| 3          | 2        | Reduce the "back to school" period and teach routines through the structure of instruction.  | 9/1/23     | 6/28/24  |             |
| 4          | 1        | PD for non-tenured teachers on the effective implementation of the FPC components.   | 9/1/23     | 6/20/24  |             |
| 4          | 2        | Increase the leadership capacity of the basic skills staff as well as classroom teachers to engage more fully in the feedback cycle of teaching, assessing, and adjusting.   | 9/1/23     | 6/28/24  |             |
| 5          | 1        | PD for the appropriate implementation of Language Power for our ELL students.  | 9/1/23     | 6/20/24  |             |
| 5          | 2        | Utilize last year's spring BAS independent level as the starting place for guided reading. This will start the first full week of school and should include modeling/shared reading getting them ready for the procedures starting the following week. | 9/1/23     | 6/28/24  |             |
| 6          | 2        | Continue the protocol for teaching the prioritized skills in levels A-D  | 9/1/23     | 6/28/24  |             |
| 7          | 2        | ELL support will take place in varied formats (push-in, Sci/SS, free choice, whole group instruction, etc.) and focus on language proficiency goals as well as to build dialogic language and content knowledge and vocabulary.                        | 9/1/23     | 6/28/24  |             |
| 8          | 2        | Early literacy team will create a structure for improving direct instruction and monitoring of prioritized comprehension strategies for levels A-D (during SR, IRA, GR, and RML).  | 9/1/23     | 6/28/24  |             |

## Budget Items

### SMART Goal 1

| Corresponding Action Step | Resource / Description  | Funding Category / Object Code                                      | Funding Requested | Funding Source |
|---------------------------|---|---|-------------------|----------------|
| 7                         | ELL Support Services - push in service  | INSTRUCTION - Personnel Services - Salaries / 100-100               | \$63,671          | SIA            |
| 1                         | Have basic skills support work collaboratively across grade levels to create a more streamlined and flexible approach to guided reading - freeing up time for intervention in the process | INSTRUCTION - Personnel Services - Salaries / 100-100               | \$357,983         | State/Local    |
| 7                         | Health Benefits   | SUPPORT SERVICES - Personnel Services - Employee Benefits / 200-200 | \$1               | SIA Carryover  |
| 7                         | Health Benefits   | SUPPORT SERVICES - Personnel Services - Employee Benefits / 200-200 | \$47,829          | SIA            |
| 1                         | Health Benefits   | SUPPORT SERVICES - Personnel Services - Employee Benefits / 200-200 | \$107,380         | State/Local    |

## SMART Goal 2

By June 2024, our average daily attendance rate will be equal to and/or greater than 90% on 95% of the 2023-2024 school days.

**Priority Performance** Our rates of chronic absenteeism quadrupled to 50% during the pandemic. Over 20% of our students were still chronically absent for the 2022-2023 school year.

**Strategy 1:** Professional development for teachers regarding the importance of a socially and emotionally supportive school have proven to be effective in increasing student's social-emotional health, attendance patterns, and academic achievement.

**Strategy 2:** Intervention will be provided for students and/or parents not responding to Tier I supports. Students that feel a sense of belonging and a part of the school community are more likely to come to school and achieve academic success.

**Strategy 3:** Using data to make decisions in response to student performance/attendance has been proven to accelerate student learning.

**Target Population:** Schoolwide, Included Special Education

### Interim Goals

#### SMART Goal 2

| End of Cycle | Interim Goal  | Source(s) of Evidence  |
|--------------|---|--|
| Nov 15       | Our average daily attendance rate will be equal to and/or greater than 90% on 95% of the 2023-2024 school days from Sept 7 to Nov 15.   | Average daily attendance data from Realtime for each school day in session |
| Feb 15       | Our average daily attendance rate will be equal to and/or greater than 90% on 95% of the 2023-2024 school days from Nov. 16 to Feb. 15. | Average daily attendance data from Realtime for each school day in session |
| Apr 15:      | Our average daily attendance rate will be equal to and/or greater than 90% on 95% of the 2023-2024 school days from Feb. 16 to Apr. 15. | Average daily attendance data from Realtime for each school day in session |

| End of Cycle | Interim Goal  | Source(s) of Evidence  |
|--------------|---|--|
| Jul 1        | By June 2024, our average daily attendance rate will be equal to and/or greater than 90% on 95% of the 2023-2024 school days. | Average daily attendance data from Realtime for each school day in session |

## Action Steps

### SMART Goal 2

| Step Numbe | Strategy | Action Steps   | Start Date | End Date | Assigned To |
|------------|----------|--|------------|----------|-------------|
| 1          | 1        | School counselor and/or social worker will provide resources for classroom teacher to teach students the importance of daily attendance.   | 9/1/23     | 6/28/24  |             |
| 1          | 2        | Cub's Pride committee (aka PBSIS team) will discuss and decide on individual, class, and schoolwide attendance extended learning opportunities.  | 9/1/23     | 6/28/24  |             |
| 1          | 3        | Data will be compiled and reviewed monthly by the Cub's Pride team and reviewed during monthly faculty meetings.   | 9/1/23     | 6/28/24  |             |
| 2          | 3        | Hold monthly leadership meetings with data team and a rotating member of each grade level to analyze ASP data/progress and determine next steps.   | 9/1/23     | 6/28/24  |             |
| 2          | 2        | Letters will be sent to Tier 2 students after 5, 10, 12, 15 and 18 days. Parental notification will occur after each absence and contact will be made by the school counselor, teacher, and administration as necessary. | 9/1/23     | 6/28/24  |             |
| 2          | 1        | School will organize and provide workshops for parents at least 2x per calendar year.  | 9/1/23     | 6/28/24  |             |

Budget Items

SMART Goal 2

| Corresponding Action Step | Resource / Description   | Funding Category / Object Code                             | Funding Requested | Funding Source |
|---------------------------|--|--|-------------------|----------------|
| 1                         | Random weekly incentives for classrooms.   | INSTRUCTION - Supplies & Materials / 100-600               | \$6,000           | State/Local    |
| 1                         | Social worker will provide resources for classroom teacher to teach students the importance of daily attendance. | SUPPORT SERVICES - Personnel Services - Salaries / 200-100 | \$61,454          | State/Local    |
| 2                         | Supplies for attendance workshops/light refreshments   | SUPPORT SERVICES - Supplies & Materials / 200-600          | \$1,000           | State/Local    |

## SMART Goal 3

By June 2024, 60% of students in grades 3 and 4 will demonstrate competency (11 or more points on a 15 point rubric) when responding in writing to a grade level appropriate text.

**Priority Performance**

Student lack the ability to communicate accurately and clearly in the written form and can't adequately answer complex questions through writing.

Our writing data related to prompt writing shows that 35% of the students in Grade 4 score fewer than 9 points on a 15 point rubric.

Our NJSLA data for narrative writing in 2022 indicated that less than 5% of the 3rd grade students were successful.

**Strategy 1:**

Ongoing and specific professional development for teachers has proven to be effective in increasing student achievement.

**Strategy 2:**

Small group intervention coupled with targeted feedback has shown tremendous power in moving student achievement.

**Strategy 3:**

Using data to make decisions in response to student performance has been proven to accelerate student learning.

**Target Population:**

Grades 3-4; Included Special Education

## Interim Goals

### SMART Goal 3

| End of Cycle | Interim Goal  | Source(s) of Evidence  |
|--------------|---|--|
| Nov 15       | Baseline data will be collected from 100% of 3rd/4th grade students on their level of competency of responding in writing about a grade level text. | District developed assessment of writing about reading using a standardized 15 point rubric. |

| End of Cycle | Interim Goal   | Source(s) of Evidence  |
|--------------|--|--|
| Feb 15       | 60% of the 3rd/4th grade students will achieve 7 or more points on the designated 15 point rubric by the end of January.   | District developed assessment of writing about reading using a standardized 15 point rubric. |
| Apr 15:      | 60% of the 3rd/4th grade students will achieve 9 or more points on the designated 15 point rubric by the end of January.   | District developed assessment of writing about reading using a standardized 15 point rubric. |
| Jul 1        | By June 2024, 60% of students in grades 3 and 4 will demonstrate competency (11 or more points on a 15 point rubric) when responding in writing to a grade level appropriate text. | District developed assessment of writing about reading using a standardized 15 point rubric. |

## Action Steps

### SMART Goal 3

| Step Numbe | Strategy | Action Steps   | Start Date | End Date | Assigned To |
|------------|----------|--|------------|----------|-------------|
| 1          | 1        | As determined by the district, PD on effective writing instruction.  | 9/1/23     | 6/28/24  |             |
| 1          | 2        | Map out expected writing products for mid year and end of year for all grades so that each grade can prepare and support grade level writing in 4th grade. | 9/1/23     | 6/28/24  |             |
| 1          | 3        | Hold monthly leadership meetings with data team and a rotating member of each grade level to analyze ASP data/progress and determine next steps.           | 9/1/23     | 6/28/24  |             |
| 2          | 2        | Strategic grouping of students in the 3rd and 4th grade for targeted writing instruction.  | 9/1/23     | 6/28/24  |             |
| 2          | 3        | ASPS team will visit classrooms to identify trends and offer next steps for more effective practices.  | 9/1/23     | 6/28/24  |             |
| 3          | 2        | Split block of word study/Framing Your Thoughts and Writer's Workshop  | 9/1/23     | 6/28/24  |             |
| 4          | 2        | Continued use of a common writing rubric, collaboration and calibration of assessing students' performance per the rubric                                  | 9/1/23     | 6/28/24  |             |

| Step Number | Strategy | Action Steps  | Start Date | End Date | Assigned To |
|-------------|----------|---|------------|----------|-------------|
| 5           | 2        | Deliberate scheduling of writing in the 3rd and 4th grades so that flexible grouping can occur. | 9/1/23     | 6/28/24  |             |
| 6           | 2        | Deliberate and embedded use of Writing Mini Lessons into the writing block.                     | 9/1/23     | 6/28/24  |             |

## Budget Items

### SMART Goal 3

| Corresponding Action Step | Resource / Description               | Funding Category / Object Code                                      | Funding Requested | Funding Source |
|---------------------------|--------------------------------------|---|-------------------|----------------|
| 1                         | PD on effective writing instruction. | INSTRUCTION - Purchased Professional & Technical Services / 100-300 | \$1,600           | State/Local    |

## SMART Goal 4

By June 2024, 60% of students will demonstrate mastery of the following grade level standards (K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3) in grades K-4.

### Priority Performance

Our math data indicates lack of adequate progress from K-2 in the more challenging math standards. That lack of foundation produces poor outcomes in fourth grade.

The Unit 1 Benchmark data revealed:

#### 3rd Grade - Unit 1

3% of the students scored from a 85-100  
9% of the students scored from a 75-84  
29% of the students scored from a 60-74  
59% of the students scored from a 0-59

#### 4th Grade - Unit 1

5% of the students scored from a 85-100  
6% of the students scored from a 75-84  
11% of the students scored from a 60-74  
78% of the students scored from a 0-59

Strategy 1: Ongoing and specific professional development for teachers has proven to be effective in increasing student achievement.

Strategy 2: Small group intervention coupled with targeted feedback has shown tremendous power in moving student achievement.

Strategy 3: Using data to make decisions in response to student performance has been proven to accelerate student learning.

Target Population: Grades K-4; Included Special Education

## Interim Goals

### SMART Goal 4

| End of Cycle | Interim Goal   | Source(s) of Evidence   |
|--------------|--|---|
| Nov 15       | 100% of the students in grades K-4 will be assessed on their mastery of the standards (K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3) in grades K-4 in order to acquire baseline data. | Math assessments developed by the school district to assess K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3 |
| Feb 15       | 20% of students will demonstrate mastery of the standards (K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3) in grades K-4.   | Math assessments developed by the school district to assess K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3 |
| Apr 15:      | 40% of students will demonstrate mastery of the standards (K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3) in grades K-4.   | Math assessments developed by the school district to assess K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3 |
| Jul 1        | By June 2024, 60% of students will demonstrate mastery of the following grade level standards (K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3) in grades K-4.                           | Math assessments developed by the school district to assess K.O.A.2, 1.OA.1, 2.OA.1, 3.OA.3, and 4.OA.3 |

## Action Steps

### SMART Goal 4

| Step Numbe | Strategy | Action Steps   | Start Date | End Date | Assigned To |
|------------|----------|--|------------|----------|-------------|
| 1          | 1        | Provide teachers with key conversational starters/sentence stems to help students unlock their thinking to solve word problems                   | 9/1/23     | 6/28/24  |             |
| 1          | 2        | Increase time on task/teacher contact time - reduce time on unsupervised activities  | 9/1/23     | 6/28/24  |             |
| 1          | 3        | Hold monthly leadership meetings with data team and a rotating member of each grade level to analyze ASP data/progress and determine next steps. | 9/1/23     | 6/28/24  |             |
| 2          | 2        | Develop/revise high quality instructional word problems by grade level for weekly use.   | 9/1/23     | 6/28/24  |             |

| Step Numbe | Strategy | Action Steps  | Start Date | End Date | Assigned To |
|------------|----------|---|------------|----------|-------------|
| 2          | 1        | ASPS team visits looking for progress towards goals and effective instructional practices                                       | 9/1/23     | 6/28/24  |             |
| 3          | 2        | Utilize monthly assessments by grade level to track student growth.   | 9/1/23     | 6/28/24  |             |
| 3          | 1        | As determined by the district, PD on effective math instruction.  | 9/1/23     | 6/28/24  |             |
| 4          | 2        | Develop interventional practices to use with students who need the next steps in the thought process for solving word problems. | 9/1/23     | 6/28/24  |             |

If applicable, the Comprehensive Data Analysis and Needs Assessment process was completed in collaboration, and with the concurrence of the assigned Regional Support Team (RST) member from the Office of Comprehensive Support. (Note: RSTs are assigned to LEAs with CII, CSI, or have at least three ATSI or TSI schools) |                               |
| x | The Annual School Plan includes at least three SMART goals with at least one area of focus being Effective Instruction. If my school was designated as CII, CSI, ATSI or TSI, the plan includes a fourth goal. All goals address the areas of priority performance needs identified during Comprehensive Needs Assessment process. The following SMART Goal areas, denoted by a checkmark, are included in this ASP. |                               |
| x |  | Effective Instruction         |
| x |  | Social and Emotional Learning |
| x |  | Effective Instruction         |
| x |  | Effective Instruction         |
| x | For CII, CSI, ATSI and TSI Schools Only: The Annual School Plan includes evidence-based interventions to improve academic achievement for all students who are not yet performing on grade level, and all SIA funds will be used for evidence-based interventions that meet the strong, moderate or promising evidence tier as set forth in the Every Student Succeeds Act (ESSA).                                   |                               |
| x | The Budget Summary includes all planned expenditures, as identified within the 'Budget Items' section of the SMART Goal pages.   |                               |
| x | This plan has been submitted for final review and approval by the District Business Administrator, Federal Programs Administrator, Chief School Administrator, and any other district personnel with responsibility for expenditures of federal funds to ensure all purchases and uses of funds (SIA, other Title I, other federal, and state/local) are reviewed and approved.                                      |                               |
